Business Beautification Grant

The City of New Haven would like to encourage businesses in the City limits of New Haven to apply for a matching grant up to \$300. The grant will help pay for expenses incurred to beautify the exterior of your business. Some examples of qualifying expenses would be paint, signage, landscaping, pressure washing, etc.

If you are interested in applying, please fill out the attached grant submission and return it to City Hall. All grant submissions will be reviewed by a committee to verify that they qualify for the matching grant. After the grant is approved, the business owner will be notified and the work can be completed. Once the work is complete, a receipt will need to be provided to the City. The City will present a check to the business owner once the receipt has been reviewed.

Please call City Hall if you have any questions about the grant process.
